#### LODGE OF SORROW IS CONDUCTED BY ELKS

The Open Lodge of Sorrow conducted last evening by Tonopah Lodge No. 1062 B. P. O. E., brought out an attendance that packed the hall to capacity with one of the most representative audiences ever assembled in that chamber. The program was impressive and the various numbers of vocal and instrumental music attested the fact of an artist in touch with the festive festival of the order. The music was exceptionally fine and the appreciation of those in attendance. The oration by Frank T. Dunn was a beautiful piece of wood painting woven with poetic charm and delivered with the ability of an eloquent speaker. In the course of his remarks, Mr. Dunn took occasion to refer to the supreme sacrifice of Capt. Kenneth J. Booth and Bro. Orville Olson, with the army of occupation, who died at Sacramento from tuberculosis contracted in the service. The evening was brought to a close by the lodge singing "Auld Lang Syne." The program was as follows:

#### RESPONSIBILITY RESTS WITH THE PRESIDENT

(By Associated Press) WASHINGTON, Dec. 8.—President Wilson today prepared a letter on the Mexican situation for transmission to Senator Fall. This announcement was made at the White House soon after the senate foreign relations committee had adjourned to await communications from the president before giving further consideration to the resolution asking that

diplomatic relations with Mexico be severed. When the president's letter was received Senator Lodge, chairman of the foreign relations committee, called Senators Fall and Brandegee into conference and in a few minutes announced that no further action on the Mexican situation would be taken by the committee.

"We want to help, but now the entire Mexican situation goes to the president and the responsibility is upon his shoulders. Let it rest there," Senator Lodge said.

It was expected that Senator Fall would make public soon his resolution upon which he based his resolution requesting the severance of diplomatic relations.

President Wilson would be gravely concerned to see any such resolution passed by congress, he wrote Senator Fall today in referring to the Fall resolution requesting the severance of diplomatic relations with the Carranza government.

It would constitute a reversal of an established policy which might lead to very grave confusion in regard to the guidance of our foreign policy," he wrote.

The president expressed confidence that he had the support of every competent constitutional authority in the country.
